

GOLFWELL4LIFE · FOR GOLF CLUBS, DAYS & TOURNAMENTS

Branded Editions

Give your whole club or every player a personalised book of inspiration — wrapped in your own course photos. A simple guide to how it works.

What a branded edition is

A **branded edition** turns one of our aspirational “You Be ... Too” books into a personalised gift for your **whole club or every player**. We wrap the book in **your own course or event photos** — your cover, a warm welcome to your golfers, and your images between the chapters — and each player's copy carries **their own name** inside. It's delivered as a beautiful **ebook** they keep on any device: ideal for member gifts, charity golf days and tournament goodie bags.

Ebook only — and that's the point

Branded editions are the **book on its own** (no card deck). That keeps the per-player cost low enough to give to everyone. Individual golfers who want the ebook *and* a matching card deck can buy a standard personalised edition from the GolfWell4Life shop.

Which titles you can choose from

Any of the ten success-in-sport titles — most clubs start with **In The Zone**:

You Be In The Zone Too	Peak performance & flow — the competition-day edition
You Be A Top Sport Achiever Too	Peak athletic performance
You Be Resilient Too	Bounce back from adversity
You Be Hopeful Too	Goals, willpower & pathways
You Be Gritty Too	Passion & perseverance
You Be A Success Too	The 7 power factors of success
You Be A Super Achiever Too	What exceptional performers do
You Be A Great Coach Too	John Wooden's Pyramid of Success
You Be A Cool Mentor Too	The qualities of great mentors
You Be A Good Mentee Too	Making the most of being mentored

How it works — six simple steps

1

Enquire

Tell us about your club or event on the GolfWell4Life website (**Inspire Editions** → **For golf clubs, golf days & tournaments**), or just email us. Mention your date, the title you like and roughly how many golfers.

2

We talk & quote

We come back to you — usually within a day — to talk through the edition and send a tailored, per-player quote. The more players, the lower the price each.

3

Send your photos & roster

You upload your course/event photos and your logo through a private link we send you, and give us your players' names (and emails, if you'd like us to deliver to each of them directly). The book's own artwork is already built in — your photos are the wrapper.

4

Approve a sample

We build a sample edition for your club and send it for your approval, so you see exactly how it looks before anything goes out.

5

Pay once

Pay securely by card (PayFast) or request an EFT invoice for your club. Card payments are processed by **FlourishTalk** — that's the name on your statement.

6

Your golfers receive their copy

We generate every personalised copy and either email each player a private download link, or hand you a single pack to distribute — your choice.

What you supply

- **Photos** — a cover image, a welcome photo, and a few images to place between the chapters (landscape works best); plus your club or event logo. We'll tell you exactly how many for the title you pick.
- **Your players' names** — a simple list (a spreadsheet is perfect). Add emails if you'd like each player to receive their own copy automatically.
- **A short welcome message** (optional) — a sentence or two from the captain or organiser to open the book.

You don't need many photos

A handful of good course or event images is plenty — the book already contains its own chapter artwork. Most clubs have far more than enough in their gallery.

Pricing & payment

- A **per-player price** that comes down with volume — we quote you for your numbers.
- Pay by **card (PayFast)** or **EFT invoice**. Everything is processed through FlourishTalk, GolfWell4Life's parent processor.
- Your players pay nothing — you order once for everyone.

Questions

Can we see it first? Yes — we build a sample for your club before you commit.

How long does it take? Once your photos, roster and payment are in, generation and delivery usually take a day or two depending on numbers.

Is the card deck included? No — branded editions are ebook-only, so every player can have one affordably.
